

WMCA Conference Meals

Meals are included in the full conference registration fee. Guest(s) may join you for conference meals, and they must be ordered in advance. Please select those meals under “Guest Registration” on the registration form & be sure to include payment for their meals with your registration.

Please indicate any medically necessary dietary needs during registration.

“Medically necessary” means that there is an allergy or some other medical condition that prevents you from eating/drinking certain foods. Conference Planning will make arrangements for medically necessary dietary needs only. Someone will contact you to discuss your individual needs.

This does not include personal preference. For example, if you choose to eat a gluten free or low carb diet, this is not medically necessary. If you have a dietary preference, the meals should include items you will be able to eat.

Vegetarians/Vegans – you may notify Conference Planning of your dietary preferences and they will work with the venue to accommodate for plated meals only. *Please note: Conference Planning does not have control over what the venue chooses to use as a vegetarian alternative.*

Please plan accordingly and bring your own food if you are concerned that your dietary needs/preferences will not be able to be met.
